ST. LOUIS, MO., January 19, 2015– Range Logistics has partnered with the Make-A-Wish foundation. A portion of every customer order moved in 2015 will be donated in support of the foundation.

Make-A-Wish® serves a unique, and vital, role in helping strengthen and empower children battling life-threatening medical conditions.

“Make-A-Wish supported my sister-in-law years ago in granting her a wish, and offered tremendous support through a very difficult time,” said Marc Oberman, President of Carrier Procurement at Range Logistics. He added, “I’ve never forgotten their commitment to my wife’s family and very happy we are now committed to helping their cause.”

Range Logistics will donate a percentage of every customer order moved in 2015 to the Make-A-Wish foundation. Range is projecting to coordinate and move several thousand customer orders in the upcoming year.

“The more orders our customer partners afford us the opportunity of moving, the more we can support Make-A-Wish.” Said Nathan Chew, President of Supply Chain Solutions at Range Logistics. He added, “It’s our way of making a contribution to this wonderful cause with every shipment moved over land, air or sea.”
